Dear Alexis and Verdine,

I have great news, I got the grant from the city for the project at Alhambra Crunch. Yeah! The letter of support worked! Thank you so much Alexis.

The grant does not begin until April, so we have time to prepare.

In order to begin the city process of disbursement the city needs to know that the event will be covered by Crunch insurance and that you have Commercial General liability insurance of \$1,000,000.

Please let me know.

Look forward to hearing from you soon.

Best,

Lynn
