---

Dear Dennis and Alexis,

I sent you an over view of the Alhambra/ Crunch project a little while ago, I hope you enjoyed reading about the project in more detail. I think it will be terrific for both the gym and the neighborhood.

I am getting ready to begin the project, the research will take quite a few months.

I am writing now to ask for a membership to the gym. I gave up my membership about a year ago, after I had applied for the grant, not knowing if I was going to get it, as I was traveling a lot and not making it to the gym. I was advised that I was unable to put my membership on hold.

Now that I will be working on the project I would like to begin working out at Crunch again and also have access to the gym.

Please let me know how we might go about this.

Look forward to hearing from you soon.

Best,

Lynn
